PET WASTE

Pet waste left on the street or lawn does not just go away or fertilize the grass. The bacteria in pet waste is often washed down storm drains and into ditches, streams, lakes, and inlets, and can travel for miles in the water.

So what can you do? Simple.

Whether you are in your yard or on a walk, dispose of your pet's waste promptly in the trash to prevent it from entering storm drains and roadside ditches. Simply bring plastic bags with you when you walk your pet. Use a bag to pick up the pet waste, tie closed and place in trash.

Most comments during the 2009 P.I.P.E. Survey were concerning residents not cleaning up after their pets. Below is some interesting information:

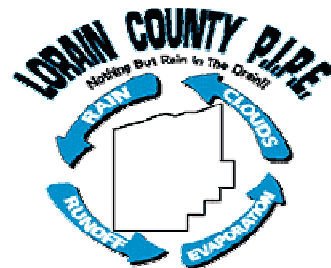

- 95% of fecal bacteria found in Stormwater comes from wildlife, livestock, and pets.
- 20-30% of fecal bacteria in runoff comes from dogs.
- Lorain County's 27,000 dogs produce an estimated 5-6 tons of solid waste each day!
- Dog waste can carry E. coli, salmonella, and giardia into the rivers, ponds, and lakes we swim and fish in.
- Feces can also spread parasites like roundworms and other nematodes.
- Other nutrients in dog waste cause problems with algae overgrowth and create the possibility for summer fish kills.

WHY SHOULD WE PUT PET WASTE IN BAGS?

There are more than 27,000 dogs registered in Lorain County. That's a tremendous amount of pet waste! Research has shown that the organic matter and nutrients contained in pet waste can degrade water quality. When pet waste is washed into streams or ponds through storm drains, it will decay. The process of breaking down the organic matter in the waste uses up the dissolved oxygen, and releases ammonia. Low oxygen levels, increased ammonia, and warm summer water temperatures can kill fish and other aquatic organisms.

Excess nutrients from pet waste added to surface waters can lead to cloudy, green water from accelerated algae and weed growth. Decay of plant matter further reduces oxygen levels. Foul odors as well as unsightly ponds and streams can reduce property values significantly. In addition, dog waste often contains a variety of microorganisms—including bacteria and internal parasites that may make other dogs and children sick.

FEATURED EMPLOYEE

Wayne Eppley is our featured employee. In 1991, Wayne was appointed Amherst Township Fire Prevention/Inspection Officer by the trustees. There was a need to have someone with fire safety knowledge available to answer resident's questions and perform fire safety inspections of businesses, group homes, foster homes, etc.

As the Township's Fire Prevention/Inspection Officer, Wayne is able to regulate acceptable open burning that is allowable by the Ohio EPA and Ohio Fire Codes. Many types of allowable fires in the past are now banned by those two agencies. It is best to contact Wayne if in doubt. Illegal burning can be very expensive to the township due to fire department responses. Wayne can inspect new and existing commercial construction and remodeling to assist if proper code regulations are being followed. He also assists in the investigation of fires in the township, when needed.

Wayne enjoys the ability to work with many different people and answer questions concerning fire prevention. Proper education in fire safety can help prevent many dangerous and financially devastating losses. All homes should have working smoke detectors and carbon monoxide detectors. Smoke and carbon monoxide are two silent, deadly killers. Prevention and early detection are the best practices. Everyone should have a plan to exit the house during an emergency and remember calling "911" will get you police, fire, or EMS. Wayne does not enjoy getting called out to a fire in the middle of the night on the coldest day of the year, nor during a thunderstorm or a 97 degree afternoon. The absolute worst part about his job is to be called to a fire with the loss of a life. During his career as a firefighter, he has seen this numerous times.

Wayne began his fire service in Carlisle Township in 1971 where he was a volunteer firefighter for 6 years. He then transferred to Elyria Township after getting married in 1977. For the past 34 years he has remained active with Elyria Township and recently retired as their Fire Chief, but still remains on the department as a firefighter/EMT. In 1979 Wayne was hired by the City of Elyria as a fulltime firefighter/EMT and has held that position for 32 years. He has been a Lieutenant since 1989 and has been assigned to Fire Station #3 since 1990.

Wayne was raised in Elyria Township until the age of 7. He lived in a house on Telegraph Road next to his grandparents, Milton and Marie Eppley. They lived on a farm and had a few milking cows and chickens, and grew wheat, oats, corn, soybeans, and potatoes. They also had an orchard with cherry, apple, and peach trees. His family then moved to a farm on West Ridge Road in Carlisle Township.

Wayne graduated from Keystone High School in 1970. He attended Ohio State University for a short time and then attended Lorain County Community College studying Fire Science courses. He is a State of Ohio certified Firefighter II, EMT-B, and Fire Inspector.

In 1977 Wayne married his wife, Karen, and moved back to Elyria Township. They have 3 children – Lori age 32, Brian age 31, and Mark age 21.

Wayne enjoys spending time vacationing in places such as Florida, South Carolina, Virginia, Tennessee, Nevada, and Canada as well as having been on 5 cruises. Wayne also has several cameras and enjoys photography.

In the past, Wayne has been a member of Boy Scout Troop 118, 4-H, and Zion United Methodist Church. He is currently a member of St. Vincent De Paul Catholic Church, Lorain County Fire Chiefs Association, Ohio Fire Chiefs Association, Lorain County Fire Investigators Association, Elyria Firefighters IAFF Local 474, and Elyria Township Emergency Association.

We would like to thank Wayne for the services that he provides to Amherst Township. For any fire safety related questions, please feel free to contact Wayne by phone at **324-3921** by email at wayneeppley@aol.com.

No Parking of Commercial Vehicles on Residential Township Roads

On February 22, 2011, the Amherst Township Trustees passed a Resolution prohibiting the parking of commercial vehicles with a gross vehicle weight of 10,000 lbs. or greater on all Designated Roads (see list at right).

With public safety in mind, the Board of Trustees determined that it was necessary to prohibit Commercial Vehicle parking in order to reduce the mingling of commercial traffic with pedestrian traffic on streets without street lights and sidewalks. Further, it will eliminate the physical obstruction and the obstruction of view on township roads that is caused by parking these commercial vehicles on the roads. The Board of Trustees also wishes to limit truck traffic in residential neighborhoods, excessive wear and tear on township roads, and the loss of residential character, all caused by the traveling to park and the parking of commercial vehicles on those roads.

The Board of Trustees, the Lorain County Deputy Sheriff, the Ohio State Patrol, or the Township Road Superintendent may order into storage any vehicle parked in violation of these regulations. The Owner or any lien holder of a vehicle ordered into storage may claim the vehicle upon presentation of proof of ownership, which may be evidenced by a certificate of title. The Owner or lien holder of said vehicle will be responsible for the payment of all expenses, charges and fines incurred as a result of the parking violation and removal and storage of the vehicle.

Violation of these regulations is a minor misdemeanor. The fines that are levied and collected under these regulations shall be paid into the township general fund.

PERMITS REQUIRED

As Springtime arrives, residents are reminded that permits are needed for the items listed below. When a permit is obtained before the start of construction, the fee will be reduced by 50%. Be sure you or your contractor has obtained a permit. **Payments must be made by check only. Cash is not accepted.**

Please contact Don Gargas, Amherst Township Zoning Inspector for these permits. Building inspections through the Lorain County Building Department may also be required. Office hours for the Zoning Inspector are from 8 a.m. to 11 a.m. on Mondays, Wednesdays and Saturdays. He can be reached at **988-5894 (ext 103)**. Voice Mail is checked daily.

Pools	Decks
Porches	Patios
Gazebos	Fences
Garages	Ponds
Driveways	Signs
New Construction	
Building Additions	
Accessory Buildings	

“Building inspections” through the Lorain County Building Department may also be required. These building “inspections” may be in addition to the building “permits” that are required from the Township. The Amherst Township Zoning Inspector can assist you for both of these requirements. A building “permit” from the township may be required **before** applying for the building “inspection” from the county. Permits for both the township and the county may be viewed on the township’s website under “zoning”.

F.A.C.E. Fundraisers

“Funding Amherst Community Enhancement” will be holding two fundraising events this year. Proceeds for both of these events will be going towards the Park Project.

GAME DATE & TIME:

Thursday, July 28, 2011 @ 7:05 P.M.

On Tuesday, May 3, 2011, township residents who live in the Amherst Exempted Village School District will be asked to vote regarding Issue 2. To learn more about this issue, visit the following website sponsored by “Citizens for Amherst Schools”:

www.amherstgoodtogreatlevy.org

AMHERST TOWNSHIP **PARK REMINDERS**

Residents are reminded that as of March 1, 2003 animals are not permitted in the Amherst Township Park. Whoever violates this resolution is guilty of a minor misdemeanor and shall be prosecuted (ORC Section 511.32).

Also as a reminder, vandalism at the Amherst Township Park is prosecutable. Violators will be charged with Criminal Vandalism according to ORC 2909.05. This is a felony offense and carries a fine of \$2500. This will be strictly enforced. The township park is being patrolled by the Sheriff's Department.

Park Pavilion

Due to the increased usage of the park pavilion, and to avoid scheduling conflict, please contact Amherst Township Road Superintendent, John Szefcyk, to make reservations if you wish to use the pavilion. He can be reached at the township during the week by calling **988-5894 (ext 111)**.

LIFECARE

Amherst Township, as a member of the Sandstone Joint Ambulance District, has chosen "LifeCare" to be their ambulance provider. President Pete de la Porte and Vice-President Herb de la Porte own and operate LifeCare. They can be reached at 323-6111. To learn more about their services, visit their website at:

www.lifecareambulance.com

Contact Sheriff's Dept.

Residents are reminded that they can help deter crime by keeping home and car doors locked, as well as keeping garage doors closed. If residents know of, or see, any suspicious activity in the township or at the Amherst Township Park, please contact the Sheriff's Dept. at **329-3710**. To contact the sheriff's dispatch from your cell phone without being charged, call **323-1212**. These are not "911" emergency lines.

Curfew

Please be aware that a curfew exists in Amherst Township for minors age 16 and under between the hours of Midnight and 5 a.m. This curfew will be enforced by the Lorain County Sheriff's Dept.
